

ANCHORAGE

With a new singer and a new album, ANCHORAGE presents an energetic force to be reckoned with. 2000s Post-Hardcore vibes collide with technically modern Metal, infused with catchy hooks inviting sing-alongs and leaving audiences hungry for more. ANCHORAGE fits seamlessly into playlists alongside Beartooth, Stick To Your Guns, or While She Sleeps.

Shortly after their formation, the Vienna-based quartet made waves by hitting the stage at the Nova Rock Festival. Their debut EP in 2019, praised with a 9/10 rating from SLAM magazine, marked an impressive start, followed by their self-organized and sold-out ANCHORFEST at the Arena Wien. Impericon has already listed the band among their top 25 emerging European bands, and the trajectory seemed promising until the much-lamented pandemic hiatus intervened.

Having returned from that, their debut album 'Uncontrolled' clearly proves on thing ANCHORAGE can handle Heavy - and they can deliver Hooks. The album powerfully addresses socio-critical themes and sheds light on the personal challenges of the present. It celebrates longstanding friendships, overcomes self-imposed isolation, and critically examines the progress and decay of the achievements of our time. It's a work that speaks directly and honestly from the band's soul. Life reveals itself as unrestrained and uncontrollable, as the past years have clearly demonstrated. THIS is 'Uncontrolled'!

DEBUT ALBUM

Title: 'Uncontrolled'
Date: 21/06/2024
Label: Anchor Music
Distribution: Blood blast/believe
Tracks: 8
Duration: ca. 28:06
